DESCRIPTION OF LANDS SUBJECT TO LEASE FOR MINING METALLIFEROUS METALS.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., September 20, 1919.

Section 26 of the Indian appropriation act of June 30, 1919 (Pub., No. 3), authorizes the location of mining claims by citizens of the United States on unallotted lands of Indian reservations, after such lands shall have been declared by the Secretary of the Interior to be subject to exploration for the discovery of gold, silver, copper, and other valuable metalliferous minerals. Should minerals be found locators have the privilege within one year of entering into a lease covering the land located. In accordance therewith I hereby declare the following described unallotted Indian lands subject to exploration on and after 12 o'clock m. on Saturday, November 1, 1919, and, with the exception of such land therein as may contain springs, water holes, or other bodies of water, subject to location and lease:
